Libraries play a significant role in imparting knowledge to readers and serious readers and it is the proper use of libraries that students and researchers learn the techniques of finding facts for themselves.

The Dhaka University Library is the oldest and the largest University Libraries in Bangladesh. At present it comprises of near about 6 lacs volumes of books and preiodicals. Besides, there are about 30 thousand valuable rare manuscripts written in Arabic, Urdu, Bengali, Sanskrit, Persian, Pali and other oriental languages of which 25 thousands manuscripts have so far been identified

#### INTRODUCTION

The Alphabetical Index of Sanskrit Manuscript, Part III, is now being published. This volume incorporates brief information about 2000 sanskrit manuscripts in the Dhaka University Library. Like the earlier two volumes it followes the pattern of the index of Bengali Manuscripts and provides information pertaining to each manuscript in the following manner:

- (a) Title: (b) Author; (c) Folios; (d) Date; (e) Copy writer;
- (f) Complete/Incomplete; (g) Subject; (h) Size;
- (I) Call number.

These manuscripts were collected by the Dhaka University Library over a period of time.

The Keeper of manuscripts and following Research Officers were responsible of the identification and compilation of the Index.

- 1. Syeda Farida Parvin, Keeper of Manuscripts
- 2. Syed Ali Akbor, Research Officer
- 3. Mrs. Shaheen Sultana Research Officer

I am happy to note that they have done an excellent job. I sincerely hope that this volume of the Index will also be useful to the scholars and researchers.

For a brief history of the Manuscripts Section of the Dhaka University Library, I would request the readers of this volume to please refer to my introduction of the *Index of Bengali Manuscripts* Part I pp vi-x.

I would also like to mention that the sources of these manuscripts could not be traced in the records. The Author and Subject Indexes are given in Appendix A and B respectively.

I believe this publication will be of meaningful assistance to searching minds of scholars.
